

**BUILDING  
A  
BETTER**

**CARPENTRY  
MINISTRY**

**SNYDER**   
**MEMORIAL**  
*Baptist Church*

Have you ever wondered, how can I help with basic home repair needs of our members and other deserving needs referred by other community agencies?

The leaders of The Carpentry Ministry believe it's time to expand this ministry to help where unmet needs exist and to include as many of our members, both male and female, that feel led to serve in this capacity.

We, the current leaders, therefore declare that: we will provide guidance, advice, assistance and basic training to accomplish such an expansion. We believe this is essential for the continued success of this ministry.

To accomplish the above we propose the following:

1. To conduct an interest survey using the included form.
2. To establish 3 to 5 person teams that will commit to being dispatched one of three half days each month, preferably morning. These days being the 1st Tuesday, 2nd Thursday, or 3rd Saturday of each month.

Interested? Complete the attached form.

Still not sure?

- Talk to the spouse of the service member whose deployment date was moved up while in the process of relocating the family. They had three small children and no one to erect the swing set or install the storm door.
- Talk to those who have experienced the joy of changing light bulbs for elderly people or fixing a leaking faucet.
- Talk to someone whose gate suddenly breaks, they can't open it and the husband is half a world away.
- Talk to someone who has been involved in doing such good deeds for the last five, ten or fifteen years. They can share with you the tears of sadness and of joy that they have witnessed.
- Talk to those who are already building wheel chair ramps on a regular basis.
- Talk to an "old timer" who has done this for the past 15 years and watched it get better and more rewarding with time.

Experience the JOY of:

Loving God, Sharing Christ, and Serving Others.
